Subject: Support our local economy

The living-wage jobs in our harbor are critical to our economy. Please keep that in mind.

If this EPA plans goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

I know you care about our community and our economy. Thank you for reading and for doing what's best for our region and our jobs.

Sincerely,
